

Dr Fleur Kilburn-Toppin has been a Consultant Radiologist in the Cambridge Breast Unit since 2015, having graduated from Cambridge University in 2006. She has a strong commitment to medical education, and is on the Educational committee for the European Society for Breast imaging, and an examiner for the European Diploma in Breast Imaging. She is also on the e-learning editorial board for breast imaging for the European Congress of Radiology. Her research interests are predominantly on imaging of the axilla, and she has written numerous book chapters on breast imaging and published on a variety of breast imaging topics. She is on the scientific committee for breast imaging for the European Congress of Radiology, and has advised on national guidelines for breast imaging.
